

Free Time Activities

During free time there are different activities available if we want to use them. Some of the activities have rules which are important to follow.

In the Barn there are 2 pool tables, a table tennis table and checkers. We need to be careful with the pool cues and put things back away when they're finished with.

Near the lake is 'Gaga' and '9 square in the air', there are instructions for these games at them.

There are balls and frisbees near the Barn. We don't play with these in the Town Square - there are lots of windows that could be broken.
