

# Going to Camp

We are going away to camp, we will be going to Mill Valley Ranch, a camp themed as an old town. We will pack our bags and bedding and travel in a bus.

When we get to camp we will be taken for a tour of the camp boundaries and shown where everything is. It is important that we stay within the boundaries so we are safe.

At camp we will do lots of activities. The camp staff will tell us everything we need to know and I can ask questions about anything.

Sometimes plans need to change because of weather or another reason, the camp staff will make sure we know what any changes are and we will still have a great time.
