

Meal Times

An announcement will be made when it is time for breakfast, lunch and dinner. We line up on the verandah and take off our shoes before going into the dining room.

We sanitise our hands and go inside the dining room to find a table to sit at. We need to stay sitting down and talking quietly to the people on our table while we're having our meal.

One person from each table will be the 'Table Clearer', their job is to refill the water jug and take the plates up to the front. They are the only people who move around the room.

When we are sent up to get our meal, the kitchen staff will ask us what we want from the meal, we can say 'yes' and 'no' to whatever we do or don't want.
