

# Program Activities

There are many fun activities that we will do during our stay at camp. Some of these are run by the camp staff and some are run by our teachers.

At Archery we will learn to shoot a bow and arrow at a target, it is very important that we listen to all of the instructions and stay behind the barrier unless we are told it's safe to go.

Crate Climb is an activity where we stack up crates to climb them very high. A harness keeps us safe. We can watch and cheer on our team mate while they have their turn.

The Bark Hut is a replica of an original property where we can learn about what life was like in the 1800's, before there was even electricity.

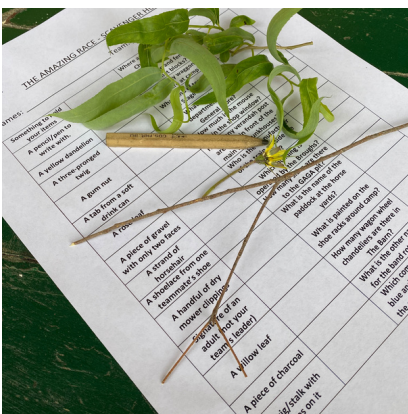

# Program Activities

At Team Games we will compete against another team. There are a few different teams games that we might play, the camp staff will tell us the instructions.

Disc Golf is similar to Mini Golf, but with frisbees. We throw the frisbee from goal to goal, taking notes of how many throws it takes to get it in the goal.

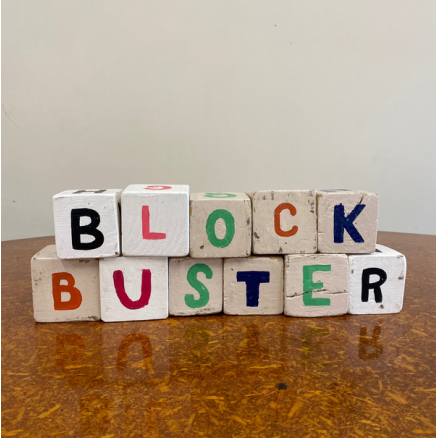

The Amazing Race is a game where we follow clues on a sheet to collect items and answers.

At Ropes Course we work in groups of 3 to keep each other safe. We will take it in turns to do the activity, while the other 2 people are watching and spotting. No-one can be on an activity if they don't have spotters.

# Program Activities

Blockbuster is a game that all the teams play against each other. We will sit in our teams and take turns to use the blocks on the table to spell out the answers to question.

Our team mates can help us to answer the question but need to stay sitting down. The winner is the first team to answer the question and have the word spelt correctly.

It can get very loud in the room if everyone is shouting to their teammates, if it gets too loud I can ask to go outside for a break.
